

## TACONY-DISSTON HISTORIC DISTRICT HOUSE PLAQUE PROGRAM

As Tacony is the site of a National Historic District, known as the Tacony-Disston Community Development Historic District, the Historical Society of Tacony is embarking on its next series of historic house plaque installations in 2024. This program was initially supported by a grant from the Preservation Alliance for Greater Philadelphia and has been carried forward through Philadelphia Activities Fund grants from the City of Philadelphia. Councilman Mike Driscoll helped secure this funding for 2024. Applications are being accepted for these installations. The cost to the homeowner represents one-third of the total production, installation and research costs involved creating the 9' x 12" bronze plaque and supplemental narrative report. The 2024 cost to the homeowner will be \$310.00, half of which is due upon receipt of the application. For more information, please call 215-338-8790.

To receive an application, pick one up here or call (215) 338-8790 to have one sent to you.
